SECTION 1: PROJECT INFORMATION

1.1 Location & Overview

Figure 1 – Location

CRMC - 3131 S Main St, Moultrie, GA 37168

- The Tower Expansion & Renovation Project is a multiphase healthcare construction project located in Moultrie, Georgia, consisting of a new four-story hospital tower addition totaling approximately 190,000 square feet. The work will require detailed coordination and phasing to maintain full hospital operations throughout construction.

First Floor Phasing: Initial site development activities will include exterior utilities, grading, and infrastructure improvements, which are critical to project sequencing and overall site readiness. Phase 1 involves the interception and rerouting of existing MEP infrastructure supporting active operating rooms. This work must be performed with precision and in close coordination with hospital facilities staff to maintain continuous surgical operations. Phase 2 will include construction of the new four-story tower addition base level which is the expansion of the existing first-floor surgery and women's departments. Phase 3 will consist of the renovation and expansion of the central sterile processing area and existing staff support spaces. Phase 4 will complete the scope with all required tie-ins between the new tower and existing hospital systems for complete functionality.

Second Floor: Phase 1 will include the tower addition and tie-ins to the existing hospital, providing new exam and clinical support areas.

Third and Fourth Floors: Both floors to be constructed as single-phase tower additions designed as shell space, with minimal office space and MEPF infrastructure for future fit-out.

The scope also includes construction of a new mechanical yard, increased electrical service, and installation of new MEP equipment to support the added building capacity. Close coordination with the hospital's facilities and infection control teams will be required to ensure compliance with ICRA and ILSM requirements, minimize disruption to hospital operations, and maintain all life safety, utility, and operational systems during construction.

A Request for Proposal (RFP) will be issued to all Submitters who are short-listed pursuant to this RFQ. The RFP will contain a "CRMC Tower" design package and instructions for completing the RFP process. In the event of a conflict between the description of the Project in this RFQ and contained in the RFP, the RFP criteria package shall govern. It is anticipated that the RFP will be issued in January 2025.

1.3 General Contractor Expectations

The selected Contractor will be expected to demonstrate significant experience in complex, phased healthcare construction projects within active hospital environments. Coordination with hospital staff and the project management team will be essential to maintaining patient safety, operational continuity, and compliance with all infection control and life safety standards.

The contractor will be responsible for developing detailed construction phasing, logistics, and infection control plans prior to mobilization. These plans must address site access, temporary utilities, vibration control, dust and noise mitigation, and protection of existing hospital systems throughout all phases of work.

Strict adherence to the project schedule is critical, and the contractor will be expected to maintain transparent communication regarding schedule impacts, field changes, and permitting requirements. The contractor should anticipate regular coordination meetings with the owner, design team, and hospital representatives to review sequencing, safety compliance, and field progress.

All work must be performed in accordance with healthcare construction best practices, including adherence to Infection Control Risk Assessment (ICRA) procedures, Interim Life Safety Measures (ILSM), and applicable codes and regulations.

1.4 Scope of Work

The Work subject to this RFQ is generally as follows:

- Develop demolition plans and specifications and an interim site utility plan and associated specifications,

- 
- Prepare project budgets and schedules and provide regular updates to CRMC,
 - Secure all necessary permits and approvals for the abatement, demolition and utility activities with support from the CRMC Project Team,
 - Execute the construction of all work contained in the design documents to complete the new patient tower and renovated areas shown.
 - Close out all necessary permits and approvals, comply with and adhere to all of City's policies and programs regarding Business Equity, and
 - Provide all necessary documentation to evidence the successful completion of the Patient Tower

1.5 Project Procurement Schedule

The following is the Project Procurement Schedule. CRMC reserves the right to modify the Project Procurement Schedule. Note: the schedule pertaining to the activities of the subsequent RFP and award is tentative and will be confirmed in the RFP once issued. Those post-RFQ activities are included in the below schedule for illustrative purposes only.

2.1.2 Conflict of Interest and Communications with the CRMC

a) Submitters are required to conduct the preparation of their SOQs with professional integrity and free lobbying activities. Communication with the CRMC regarding this Project shall be via email only and directed to the CRMC personnel listed in this RFQ. Do not communicate about the Project or the Procurement with any other CRMC employees, representatives, consultants, or board members. Communication with other CRMC employees, representatives, consultants, or board members regarding the Procurement may cause the firm involved to be disqualified from submitting it under this Procurement. Any verified allegation that a responding Submitter or Team Member or an agent or consultant of the foregoing has made such contact or attempted to influence the evaluation, ranking, and/or selection of short-listed Submitters may be the cause for to disqualify the Submitter team from submitting an SOQ or Proposal, to disqualify the Team Member from participating in the Procurement, and/or to discontinue any further consideration of such Submitter or Team Member.

Following the CRMCs selection of short-listed firms, certain communications and contacts between short-listed firms and the CRMC project team members will be permitted. Acceptable communications shall be further described in the Request for Proposals that will be provided to each shortlisted firm.

2.1.3 Expenses

The CRMC accepts no liability for the costs and expenses incurred by firms in responding to this Procurement. Each Submitter that enters into the Procurement process shall prepare the required materials, the SOQ, and the Proposal at its own expense and with the express understanding that the Submitter cannot make any claims whatsoever for reimbursement from the CRMC for the costs and expenses associated with the process, even in the event the CRMC cancels this Project or rejects all Proposals.

2.1.4 Public Disclosure

All documentation and submittals provided to the CRMC may be considered public documents under applicable laws and may be subject to disclosure. Submitters recognize and agree that the CRMC will not be responsible or liable in any way for any losses that the Submitter may suffer from the lawful disclosure of information or materials to third parties.

2.2 CRMC Rights and Procurement Conditions

The CRMC reserves without limitation, and may exercise at its sole discretion the following rights and conditions with regard to this Procurement process:

- a) To cancel the Procurement process and reject any and all submissions
- b) To waive any informality or irregularity
- c) To revise the Procurement Documents and Schedule
- d) To reject any Submitter that submits an incomplete or inadequate response or is not responsive to the requirements of this RFQ
- e) To require confirmation of information furnished by a Submitter, require additional information from a Submitter concerning its SOQ or Proposal and require additional evidence of qualifications to perform the work described in this RFQ or a subsequent RFP
- f) To contact references who are not listed in the Submitter's SOQs and investigate statements on the SOQs and/or qualification of the Submitter and any firms or individuals identified in the SOQ
- g) To consider alternative technical concepts, solutions, and/or approaches identified by Submitters
- h) To take any action affecting the RFQ process, the RFP process, or the Project that is determined to be in the CRMC's best interest
- i) Approve or disapprove of the use of particular Subconsultants, Subcontractors, or Key Team Members and/or substitutions and/or changes to Subconsultants, Subcontractors, or Key Team Members from those identified in the SOQ or Proposal. Such approval or disapproval shall not be unreasonably exercised.

2.3 Outline of the Procurement Process

2.3.1 Phase 1: Request for Qualifications (RFQ).

- a) This RFQ invites firms to submit SOQs describing in detail their technical, management, and financial qualifications to plan, permit, execute, and close out the Project. The issuance of this RFQ is the first phase of the Procurement process. A Submitter must be a partnership, corporation, or other legal entity that is certified under Georgia law, to engage in contracting

through a certified or registered general contractor or a certified or registered building contractor as the qualifying

- b) The information required to be submitted in the SOQ is described in Exhibit A to this RFQ.
- c) Submitters will submit their SOQ and other deliverables required pursuant to this Procurement at the time and in the manner set forth in this RFQ and any Addenda. CRMC will not consider SOQ or other deliverables that are submitted after the Time set forth in the RFQ. Submitters are solely responsible for making sure that CRMC receives the SOQ in a timely fashion.
- d) CRMC will evaluate the information submitted by each Submitter to 1) determine whether the Submitter meets the mandatory minimum requirements and 2) evaluate the SOQ provided by each Submitter pursuant to the evaluation system described below. Any Submitter who fails to meet the mandatory minimum requirements set forth in this SOQ will be deemed non-responsive and will not be considered further by the CRMC in this Procurement.
- e) All SOQs will be evaluated in accordance solely with the criteria established in the RFQ and any Addenda issued thereto. The evaluation criteria are listed in Section 2.3.3 below, including the relative weight or importance given to each criterion.
- f) Through the scoring process, CRMC will determine the appropriate number of responsive and responsible firms that will be selected as Short-Listed Submitters. Only those firms that have been short-listed will be invited to submit a Proposal in response to the subsequent RFP.
- g) The scores from the SOQ evaluations will be carried forward to the final evaluation and selection but will be used only if necessary to break a tie, as described more fully subsequent RFP.
- h) This SOQ does not contain a Price Proposal, and no pricing information should be submitted. Short-Listed Submitters will submit a Proposal pursuant to the instructions set forth in the RFP to be issued later.

2.3.2 Phase 2: Request for Proposal (RFP) & Selection Process

CRMC will issue an RFP to the Short-Listed Submitters. The RFP will further detail the evaluation criteria and other elements of the RFP process. Shortlisted firms will be invited to a pre-submittal site visit.

2.3.3 Evaluation and Ranking of Submitters

In the evaluation and ranking of Submitters responding to this RFQ, the Evaluation Committee will consider the information submitted in each SOQ according to the criteria listed below. The result of the evaluation will be a comparative ranking of Submitters, with the most highly

qualified moving forward to the RFP phase, where a new set of evaluation criteria included in the RFP will be used.

To select and evaluate Submitters during the RFQ phase, the evaluation criteria will be given the following relative weights. See Exhibit A for the required components of each criterion:

SOQ Criteria
